

Hucklow Primary School
Author of the Month....
Sue Hendra!

Sue Hendra studied illustration at university and she also once had a job at the doughnut kiosk in a zoo.

She has illustrated around 100 books.

She describes herself as having a silly sense of humour!

Sue and her husband have written books such as Barry the Fish with Fingers, Norman the Slug with the Silly Shell, Nobot the Robot with No Bottom, Supertato and most recently I Need a Wee.

It seems that others enjoy their frankly ridiculous stories and they have won many prizes.

Their book 'Wanda and the Alien' was made into a world-wide TV phenomenon!

Sue and Paul (her husband) live in an house in the seaside town of Brighton.
